

Appeals Process for the: Marquette County Soil Erosion and Sedimentation Control Program

A. Right of Appeal:

Any applicant or permittee aggrieved by an action of the Marquette County Conservation District Soil Erosion Technician related to the Soil Erosion and Sedimentation Control Program may appeal to the Marquette County Conservation District Board.

B. General Provisions:

1. All requests for an appeal of an action by the Marquette County Conservation District Soil Erosion Technician related to the Soil Erosion and Sedimentation Control Program must be filed within 21 days of the action that is the subject matter of the appeal.

2. All requests for an appeal shall be made in writing to the Marquette County Conservation District Board. The request shall specify the action that is the subject of the appeal and shall state, in the opinion of the person requesting the appeal, the reason for which the action should be overturned.

3. An appeal date will be set up within two weeks time of receiving the written appeal.

4. The Soil Erosion and Sediment Control Ordinance Board of Appeals shall consist of the then sitting members of the Marquette County Conservation District Board.

Adopted at the Marquette County Conservation District regular board meeting August 24, 1998.
